

## Families Appreciating Nature

Educare Learning Center is excited to offer its newest family-event series... the Families Appreciating Nature (FAN) Club.

FAN Club offers families a chance to experience nature together and appreciate the many wonders of our beautiful earth through the seasons. FAN Club excursions will take place on Educare's 22-acre, wooded campus and will explore the trails that meander throughout the property, as well as the convergence of the Catoctin Creek and Broad Run Creek.

The FAN Club includes:

- Four guided family nature walks (Nov 14, Jan 16, Mar 13, May 15)
- One Family Creek Day (July)
- One Family Campfire Cookout (August)
- T-Shirt (1 per family member)
