

## Professional Days 2007

**March 17, 2007**

***Let's Take It Outside!***

The positive impact outdoor environments have on children is astounding! This professional day offers time to explore current research and make practical applications to early childhood best practices.

**May 5, 2007**

***"Nature"-al Learning***

Give yourself a day to rediscover the gifts nature brings to learning. This day of reflection and renewal will provide first-hand experiences in green spaces.

Note: Training held on-site at Dandelion Child Care (see directions).

**Center for  
Advancement,  
Renewal and  
Education**

**Renew! Refresh!  
Rejuvenate!  
2007**

**Professional Days  
Series for Early  
Childhood  
Professionals**

**Renew!** by Networking with other early childhood individual  
**Refresh!** By gaining new ideas  
**Rejuvenate!** by taking charge of your professional growth

In an effort to meet the increasing demands for training for early childhood professionals, the Center for Advancement, Renewal, and Education and Calvary Weekday School are collaborating to bring an exciting series of training events to the Frederick County area in Maryland.

Each event provides a mini-conference atmosphere and 4.0 CCA Approved Clock Hours. Calvary Weekday School, located in downtown Frederick, MD (133 West Second Street), offers a comfortable and accessible facility for each Professional Day.

Each event includes training in core knowledge areas, morning refreshments, lunch, drawings for door prizes, and a selection of educational materials and unique gifts available for purchase.

## Professional Days 2007

All professional days are held on Saturdays.

**January 20, 2007**

*It Takes a Village...  
Establishing and  
Supporting Positive*

*Home-Community Partnerships*

Come and learn innovative ideas for promoting family enrichment activities and promoting greater community awareness and support.

**February 17, 2007**

*Are You My Friend?*

This day of learning will be dedicated to exploring new ways to enhance social interactions among children and deepen relationships between teachers and children.

Current commercial programs supporting positive guidance practices will be explored.
